**The Store That Sells Wooltex**

Ladies', Misses' and Childrens' Ready-to-wear garments for Fall and Winter. Our stock of Ladies' ready-to-wear garments was never so complete, and such a big showing as we intend to show our customers this season. We handle the celebrated Wooltex, Worth, Boulevard, Redfern and B. S. S. lines. These makes are recognized by the experts of the country to be the best

made merchandise that money will produce. We stand back of them in every way.

Our new collection of suits is extremely large, and made in all the new weaves, and latest patterns and cloths. Our coat stock consists of all the most fashionable cuts and latest patterns of materials including all the new rough effects and novelty cloths.

**SKIRTS:** Our special showing of skirts for Fall and Winter use. We have made a special aim to try and produce to the public a line of Skirts that will surpass anything we have ever shown. We have them in all grades and prices.

**WAISTS:** This department has an unusually large stock consisting of all the Wash Waists, Silks of all descriptions and fancy novelties. Our prices are very moderate for the line of merchandise we handle in waists.

**FURS:** We are recognized in this particular line as not only handling the best make of Furs, but our prices have been such that they are in reach of all classes. While the advance in Furs this season has made Furs somewhat higher in the market, we were so fortunate that we procured our Furs very early, therefore avoiding extra prices that most people will have to pay for them. Come in and see our display, and let us show you a new idea in Coats and Suits.
